

Our first show of the year (and one of our favorites) is approaching quickly.

It's the 134th anniversary for the [Sacramento Scottish Highland Games](#) , which will take place in Woodland, California on April 24th and 25th.

We always look forward to presenting our Celtic jewelry at this venue, because the people are always friendly, the weather is usually very good, and also because Woodland has one of the best Sushi restaurants we've ever been to. ( <http://www.osakasushi.com> )

The Sacramento Games always has a great lineup of entertainment, and this year is no different with favorites The Wicked Tinkers and Golden Bough headlining.

We will be bringing our usual display of [Celtic earrings](#) , [Celtic pendants](#) , [Celtic necklaces](#) , Celtic & Elvish Tiaras and Circlets, as well as some of the new designs that we put up on the web site just before the holidays.

These Celtic pendants, necklaces and earrings feature silver with gold accents, and one convertible Celtic necklace has some small diamonds. It is a very unique design that looks like a pendant, then opens up to be a [Celtic necklace](#) .

If you haven't seen us in a while, we will also have two new [Celtic tiara](#) designs that have been very popular.
